Unsolved Celebrity Mysteries - David Southwell 2007-12-15 Examines celebrity mysteries including the deaths of Princess Di and Marilyn Monroe.

Mage Merlin's Unsolved Mathematical Mysteries - Satyan Devadoss 2020 “This is a graphically bold, story-driven book, accessible to readers with a middle-school math background, that engagingly introduces readers to 16 unsolved mathematical puzzles. There are two main (fictional) characters in the book: "Mage" Maryam (named in honor of the late Maryam Mirzakhani, the only woman Fields Medalist), a young female mathematician who discovers that she is a descendant of the other main character, Merlin (of the Arthurian fables). Before she dies, Maryam's grandmother hands her Merlin's lost math journal containing problems he was summoned by Camelot to solve but failed to do so. Maryam briefly introduces the 16 entries from Merlin's journal (and the corresponding math topic), then Merlin describes the problem (accompanied by beautiful illustrations), then Maryam follows up with a deeper explanation of the math, the history of the puzzle, and how close mathematicians have come to solving it”--

Cricket in the Web - Paula Moore 2009-02 After exhaustive research, Paula Moore provides the first objective account of the 1949 murder of "Cricket" Coogler--a case that shook New Mexico politics.

Unsolved! - Craig P. Bauer 2019-06-18 A mathematical tour of some of the greatest unsolved ciphers of all time In 1953, a man was found dead from cyanide poisoning near the Philadelphia airport with a picture of a Nazi aircraft in his wallet and an enciphered message taped to his abdomen. In
1912, a book dealer named Wilfrid Voynich came into possession of an illuminated cipher manuscript once belonging to Emperor Rudolf II, who was obsessed with alchemy and the occult. Wartime codebreakers tried—and failed—to unlock the book’s secrets, and it remains an enigma to this day. In this lively and entertaining book, Craig Bauer examines these and other vexing ciphers yet to be cracked. Some may reveal the identity of a spy or serial killer, provide the location of buried treasure, or expose a secret society—while others may be elaborate hoaxes. He lays out the evidence surrounding each cipher, describes the efforts to decipher it, and invites readers to try their hand at puzzles that have stymied so many others.

Mysteries and Legends of Virginia-Emilee Hines 2010-08-17 Part of our new and growing Mysteries and Legends series, Mysteries and Legends of Virginia explores unusual phenomena, strange events, and mysteries in Virginia's history. Unsolved Mysteries of the Old West-W. C. Jameson 2013 Two subjects continue to fascinate people the Old West and a good mystery. This book explores and examines twenty-one of the Old West's most baffling mysteries, which lure the curious and beg for investigation even though their solutions have eluded experts for decades. Many relate to the death or disappearance of some of the best-known lawmen and outlaws in history, such as Billy the Kid, Buckskin Frank Leslie, John Wilkes Booth, The Catalina Kid, and Butch Cassidy. Others involve mysterious tales and legends of lost mines and buried treasures that have not been recovered.
For Younger Readers; Braille and Talking Books- 2010

Political Science Quarterly- 1913 A review devoted to the historical statistical and comparative study of politics, economics and public law.

Conspiracy Encyclopedia-Thom Burnett 2006 Conspiracies are everywhere. they are the lifeblood of politics, business and our daily lives. This truly international and all-embracing encyclopedia explains the details of the world's major popular conspiracies, listing them chronologically under subject matter and cross-referencing them continually (because so many conspiracy theories interact on some level). Conspiracies are often international in their sweep and their impact. the brutal stabbing of Julius Caesar (the conspiracy which has defined political assassinations ever since) plunged the Roman Empire into civil war, which then engulfed much of the known western world. More recently the Cambridge spies (Philby, Blunt, MacLean and Burgess) helped Russia throughout WWII and then re-defined the Cold War afterwards, Philby's defection casting a 30-year shadow over CIA/Anglo-American relations, though conspiracies define our everyday lives, there is no body of serious academic research to understand their role, nature or defining characteristics. Most historians prefer to adhere to the cock-up theory of history, in which everything happens by accident or incompetence. Although this view is favoured by academics and historians, it is rejected by a large part of the general public who prefer the evidence of their own lives. However they consume their media, what they see is a mesh of conspiracies that define the texture of their everyday lives, often for the worst. Most people believe that there is a grain of truth in most theories about conspiracies. this book is for them.

School Library Journal- 2008

The World's Greatest Unsolved Crimes-VARIOS AUTORES 2012 This book reveals the astonishing, known facts about real acts of villainy...and it probes the fascinating, missing facts that confound the law and are kept in a file marked 'unsolved'.

The 10 Greatest Conspiracies of All Time-Brad Meltzer 2020-11-10 Master storyteller Brad Meltzer counts down and decodes the world's top 10 most intriguing conspiracies stories. Wanted: the truth. In a riveting collection, Brad Meltzer guides us through the 10 greatest conspiracies of all time, from Leonardo da Vinci’s stolen prophecy to the Kennedy assassination. This richly illustrated book serves up those fascinating, unexplained questions that nag at history buffs and conspiracy lovers: Why was Hitler so intent on capturing the Roman “Spear of Destiny?” Where did all the Confederacy’s gold go? What is the government hiding in Area 51? And did Lee Harvey Oswald really act alone? Meltzer sifts through the evidence, weighs competing theories, separates what we know to be true and what’s still—and perhaps forever—unproved or unprovable, and in the end, decodes the mystery and arrives at the most likely explanation.

The World's Greatest Unsolved Mysteries-Damon Wilson 2004

Braille Books- 2011

Lost Girls-Robert Kolker 2020-02-04 New York Times Bestseller • Now a Netflix Film “Rich, tragic...monumental . . . true-crime reporting at its best.”—Washington Post The bestselling account of the lives of five young women whose fates converged in the perplexing case of the Long Island Serial Killer. Now updated, with a new epilogue by the author. One late spring evening in 2010, Shannan Gilbert—after running through the oceanfront community of Oak Beach screaming for her life—went missing. No one who had heard of her disappearance thought much about what had happened to the twenty-four-year-old: she was a Craigslist escort who had been fleeing a scene—of what, no one could be sure. The Suffolk County
police, too, seemed to have paid little attention—until seven months later, when an unexpected discovery in a bramble alongside a nearby highway turned up four bodies, all evenly spaced, all wrapped in burlap. But none of them Shannan’s. There was Maureen Brainard-Barnes, last seen at Penn Station in Manhattan three years earlier, and Melissa Barthelemy, last seen in the Bronx in 2009. There was Megan Waterman, last seen leaving a hotel in Hauppauge, Long Island, just a month after Shannon’s disappearance in 2010, and Amber Lynn Costello, last seen leaving a house in West Babylon a few months later that same year. Like Shannan, all four women were petite, in their twenties, and had come from out of town to work as escorts, and they all had advertised on Craigslist and its competitor, Backpage. Lost Girls is a portrait of unsolved murders in an idyllic part of America, of the underside of the Internet, and of the secrets we keep without admitting to ourselves that we keep them. Long considered “one of the best true-crime books of all time” (Time), this edition includes a new epilogue that speaks to developments in the case, including the shocking fate of Mari Gilbert, Shannan’s mother, for whom this case became the crusade of a lifetime.

Unsolved: Don Bullis 2013 UNSOLVED There are few subjects that fascinate people as much as New Mexico and a good mystery. New Mexico has always been an enigmatic place, filled with rich history. This book explores and examines forty-four of New Mexico’s most baffling mysteries, which lure the curious and beg for investigation even though their solutions have eluded experts, many for decades. Many relate to the death or disappearance of some of the best-known lawmen and outlaws in history - Sheriffs Pat Garrett, Les Dow, and William Brady, as well as Jesse Evans, Russian Bill Tethenborn, Bronco Bill Walters, and Mysterious Dave Mather, while others involve mysterious tales and legends of lost mines and treasures. And who can forget the UFO incident at Roswell? All this told by a former lawman and journalist who is one of the region’s leading historians, Don Bullis; Bullis also happens to be an award-winning author of over a dozen best-selling books on New Mexico’s past. Leave it to Bullis, respected writer and historian, to open my eyes to a whole new world of outlaws, crooked politicians, puzzling crimes and surreal occurrences....With a reporter’s affection for the hard questions, a novelist’s approach to bringing characters to life, and an historian’s attention to details, he has assembled a stellar collection of New Mexico’s mysteries, famous and obscure. - Anne Hillerman, author of Spider Woman’s Daughter

The Golden Thread-Ravi Somaiya 2020-07-07 Investigative reporter Ravi Somaiya uncovers the mystery behind the death of renowned diplomat and UN Secretary General Dag Hammarskjöld in this true story of spies, intrigue, and unsolved crimes. On Sept. 17, 1961, Dag Hammarskjöld boarded a Douglas DC6 propeller plane on the sweltering tarmac of the airport in Leopoldville, the capital of the Congo. Hours later, he would be found dead in an African jungle with an ace of spades playing card placed on his body. Hammarskjöld had been head of the United Nations for nine years. He was legendary for his dedication to peace on earth. But dark forces circled him: a powerful and connected group of people from an array of nations and organizations -- including the CIA, the KGB, underground militant groups, business tycoons, and others -- were determined to see Hammarskjöld fail. A riveting work of investigative journalism based on never-before-seen evidence, recently revealed first-hand accounts, and groundbreaking new interviews, The Golden Thread reveals the truth behind one of the great murder mysteries of the Cold War.

Portrait Of A Killer: Jack The Ripper -- Case Closed-Patricia Cornwell 2002-11-11 Now updated with new material that brings the killer’s picture into clearer focus. In the fall of 1888, all of London was held in the grip of unspeakable terror. An elusive madman calling himself Jack the Ripper was brutally butchering women in the slums of London’s East End. Police seemed powerless to stop the killer, who delighted in taunting them and whose crimes were clearly escalating in violence from victim to victim. And then the Ripper’s violent spree seemingly ended as abruptly as it had begun. He had struck out of nowhere and then vanished from the scene. Decades passed, then fifty years, then a hundred, and the Ripper’s bloody
sexual crimes became anemic and impotent fodder for puzzles, mystery weekends, crime conventions, and so-called “Ripper Walks” that end with pints of ale in the pubs of Whitechapel. But to number-one New York Times bestselling novelist Patricia Cornwell, the Ripper murders are not cute little mysteries to be transformed into parlor games or movies but rather a series of terrible crimes that no one should get away with, even after death. Now Cornwell applies her trademark skills for meticulous research and scientific expertise to dig deeper into the Ripper case than any detective before her—and reveal the true identity of this fabled Victorian killer. In Portrait of a Killer: Jack the Ripper, Case Closed, Cornwell combines the rigorous discipline of twenty-first century police investigation with forensic techniques undreamed of during the late Victorian era to solve one of the most infamous and difficult serial murder cases in history. Drawing on unparalleled access to original Ripper evidence, documents, and records, as well as archival, academic, and law-enforcement resources, FBI profilers, and top forensic scientists, Cornwell reveals that Jack the Ripper was none other than a respected painter of his day, an artist now collected by some of the world’s finest museums: Walter Richard Sickert. It has been said of Cornwell that no one depicts the human capability for evil better than she. Adding layer after layer of circumstantial evidence to the physical evidence discovered by modern forensic science and expert minds, Cornwell shows that Sickert, who died peacefully in his bed in 1942, at the age of 81, was not only one of Great Britain’s greatest painters but also a serial killer, a damaged diabolical man driven by megalomania and hate. She exposes Sickert as the author of the infamous Ripper letters that were written to the Metropolitan Police and the press. Her detailed analysis of his paintings shows that his art continually depicted his horrific mutilation of his victims, and her examination of this man’s birth defects, the consequent genital surgical interventions, and their effects on his upbringing present a casebook example of how a psychopathic killer is created. New information and startling revelations detailed in Portrait of a Killer include: - How a year-long battery of more than 100 DNA tests—on samples drawn by Cornwell’s forensics team in September 2001 from original Ripper letters and Sickert documents—yields the first shadows of the 75- to 114 year-old genetic evid...
or relevant clues with which to accommodate all of the leading theories. In fact, in the minds of investigators, the difficulty of finding the best path to pursue was that there were "too many good clues, pointing in different directions." Likewise, where Earhart, Hoffa, and Crater intentionally pursued goals with inherent hazards, Spangler was publicly perceived as a professional if not personal innocent, hoping to make a living and to be discovered for greater things. The Disappearance of Jean Spangler: The History of One of Hollywood’s Most Enduring Unsolved Mysteries looks at the life of Jean Spangler and the mysterious events behind her disappearance. Along with pictures of important people, places, and events, you will learn about Jean Spangler like never before, in no time at all.
